This list of general contractors is a compilation of the largest such companies in Wayne, Oakland, Macomb, Washtenaw and Livingston counties. It is not a complete listing but the most comprehensive available. The Christman Co., No. 18 on last year's list, which *Crain's* believes would make the list, was unable to provide figures, and a reliable estimate could not be made. *Crain's* estimates are based on industry analyses and benchmarks, news reports and a wide range of other sources. Unless otherwise noted, information was provided by the companies. Companies with headquarters elsewhere are listed with the address and top executive of their main Southeast Michigan office. Actual revenue figures may vary. NA = not available.

① 95 percent of Belfor Holdings Inc.'s total revenue is from construction management. The company's business is disaster recovery, and so it handles many smaller projects rather than the large building projects typical of other general contractors on this list.

② Acquired Smith & Wesson Security Solutions Inc. July 2012.
